But now, at last, everyone can take yeast—and enjoy it. In addition. Ironized Yeast contains organic or vegetable iron (easily assimilated by the system), which for years has been prescribed as a blood builder. Thus, in Ironized Yeast, you get the benefit of two splendid tonics instead of only one.

If you have been sickly, thin and run down generally, if you feel yourself getting old and lack the energy and ambition you once possessed, if you get tired easily and are troubled with poor appetite, nervousness, sleeplessnessthen, by all means try Ironized Yeast. It will, in most cases, bring results that are actually astonishing.

Ironized Yeast keeps indefinitely and costs about the same per dose as common yeast, but is much more effective. Each mackage contains 10 days' treatment and costs only a dollar, or just 10 cents a day. Special directions for children in each package. Sold at good druggists everywhere.
